Build a Snowman

Have your family build a snowman anytime this winter! Take a picture of the creation, along with the creators, and send it to the Recreation Office (P.O. Box 46 Somers, NY 10589) or email it to parks@somersny.com by March 1st. Please send the name(s) of the child(ren), age, phone numbers and address on the back of the picture or in the email. *All creations will be featured on the Town website.*

MONDAYS - 7 classes, 1/23, 1/30, 2/6, 2/13, 2/27, 3/6, 3/13, No class 2/20

Yoga for Children Grades 3-5

Fee: \$85.00, Instructor: Stacey McGaughey Time: 3:30-4:30 p.m., Location: SIS

Participants will learn yoga postures and imagery to help develop a greater sense of body awareness, self-esteem and positive coping skills. Yoga is a natural way to exercise, relax, focus & strengthen the body/mind/spirit connection.

MONDAYS - 7 classes, 1/23, 1/30, 2/6, 2/13, 2/27, 3/6, 3/13, No class 2/20

Face Painting Grades 3-5

Fee: \$85.00, Instructor: Jennifer Siciliano, Time: 3:30-4:30 p.m., Location: SIS

Everyone loves face painting! In this class, children will learn how to create basic cheek designs to full face. Students will use FDA-approved professional makeup and will learn industry techniques and receive step by step guidance to creating works of art on anyone's face.

TUESDAYS- 7 classes, 1/17, 1/24, 1/31, 2/7, 2/14, 2/28, 3/7 No class 2/21

Recipes for a Healthy Body and Soul Grades 3-5

Fee: \$85.00, Instructor: Caroline Fanelli, Horticultural Therapist/Master Gardener, Time: 3:30-4:30 p.m., Location: SIS

Join me in this program to create bath and body products to cleanse and soothe your body and soul using all natural ingredients. We will produce a variety of products for your head to your toes, such as lavender soap, facial cleanser, mud masks, herbal tea, bath bags and moisturizers.

TUESDAYS- 7 classes, 1/17, 1/24, 1/31, 2/7, 2/14, 2/28, 3/7 No class 2/21

Minecraft Machine Marvels Grades 3-5

Fee:*\$195.00, Instructor: Staff of Computer Adventures, Time: 3:30-4:30 p.m., Location: SIS

Students will be creating contraptions with items such as pistons, pressure-plates, levels, buttons, trip wire, lava, water, doors, dispenser, TNT, and redstone material. The teacher will provide guidelines on how to build some simple machines. In addition to learning about the concept of basic circuitry, they will also learn about action and reaction, and transfer of energy. This course will also showcase the students' logical ability as well as creativity. *Students' projects will be available on the internet a week after course completion. ***See registration first page. *Please make checks payable to:***

Computer Adventures

WEDNESDAYS - 7 classes, 1/18, 1/25, 2/1, 2/8, 2/15, 3/1, 3/8 No class 2/22

Cartooning Grades 3-5

Fee: \$85.00, Instructor: Joseph Tomasini, Time: 3:30-4:30 p.m., Location SIS

The art of cartooning will cover the basics of creating a comic book. Study will include developing characters, backgrounds, perspective, story lines and color theory and a focus on fun. Students will use a variety of mediums including pen and ink, watercolor and acrylic paint.

WEDNESDAYS - 7 classes, 1/18, 1/25, 2/1, 2/8, 2/15, 3/1, 3/8 No class 2/22

A Need for Speed Grades 3-5

Fee: *\$160.00, Instructor: Staff of Engineering for Kids, Time: 3:30-4:30 p.m., Location: SIS

How fast can an object go? Get set to race everything under the sun! Students will build cars, coasters and more to see who can create the fastest designs. We will explore the concepts of gravity, acceleration, different types of energy and more. Come and join us if you have a need for speed!

See registration note on first page. *Please make checks payable to: Engineering for Kids

WEDNESDAYS - 7 classes, 1/18, 1/25, 2/1, 2/8, 2/15, 3/1, 3/8 No class 2/22

Introduction to Programming with Scratch Grades 3-5

Fee:*\$195.00, Instructor: Staff of Computer Adventures, Time: 3:30-4:30 p.m., Location: SIS

Scratch® is a programming language that was invented by MIT. Through the creation of interactive stories, animations and games, students will develop a foundation of programming concepts (such as variables, loops, conditional statements, event handling and more) that will prepare them for higher level programming language. This is a fun way to be introduced to programming.

*Students' projects will be available on the internet a week after course completion.

See registration note above. *Please make checks payable to: Computer Adventures

WEDNESDAYS - 7 classes, 1/18, 1/25, 2/1, 2/8, 2/15, 3/1, 3/8 No class 2/22

Chess Grades 6-8

Fee: \$110.00, Instructor: Staff of National Scholastic Chess Foundation, Time: 3:00-4:00 p.m.,

Location: Somers Middle School

A class for any level of player. All aspects of the game will be taught.
