

# Town of Somers Parks Recycling Program

Consolidated waste receptacle stations are located adjacent to high traffic areas in Reis and Van Tassell Parks.

These "MARKED" stations include RED topped receptacles for garbage and BLUE topped receptacles for the recycling of: plastic bottles, aluminum cans and glass bottles.

The following Parks/Locations have been posted as carry-in, carry-out facilities only:

- Bailey
- Koegel
- West Somers
- Angle Fly Preserve
- St Josephs Field

Please help us keep all facilities clean by assisting us in policing the parks, depositing waste in the appropriate receptacles (where applicable) and yielding to our staff when they are in the area.

We do our best to address concerns as soon as possible. If you see something that needs attention, please contact the Park Foreman at 232-8441 x3.

Thank you for your cooperation and enjoy the Parks
